

The Social Experiment Club Membership Agreement

Membership Terms Community Standards Screening Terms Event Release

This agreement explains the conditions for applying to, joining, and participating in The Social Experiment Club. It also contains recurring-payment authorization, community standards, background-screening terms, event-risk provisions, a liability release, and media consent. A prospective member should read the entire agreement before paying or accepting it.

Key Membership Terms

Term	Current Rule
Contracting company	The Social Experiment LLC, doing business as The Social Experiment Club
Eligibility	Age 21 or older; application, required agreements, screening, and approval
Membership plans	\$30 monthly or \$330 annually, unless a different price is clearly disclosed before purchase
Screening fee	Separate from membership dues; equal to the Club’s then-current Ankored cost and disclosed before payment
Screening	Ankored onboarding screening plus monthly sex-offender and national criminal-database monitoring
Activation	Payment does not guarantee continued access to the Club. Account access is provisional and may be removed.
Cancellation	Future renewal stops; access continues through the paid billing period
Failed payment	Seven-day grace period, followed by suspension if unresolved
Guests	Unlimited guests per member; each individual guest may attend no more than twice per calendar year
Minimum age	All members and guests must be 21 or older
Club role and limitations	The Club is not a dating, matchmaking, employment, mental-health, medical, transportation, security, or professional-referral service. Membership does not guarantee friendship, compatibility, attendance by particular people, admission to every Activity, or personal safety.

LGBTQ+ inclusion and allyship	The Club welcomes LGBTQ+ adults and allies and is committed to a respectful, inclusive community. All Applicants, Members, and Guests remain subject to the Club's generally applicable eligibility, screening, approval, and conduct requirements.
--------------------------------------	---

1. Parties and Effective Date

This Agreement is between The Social Experiment LLC, a Colorado limited liability company doing business as The Social Experiment Club (the “Club”), and the individual accepting it (“Member” or “Applicant”). This Agreement becomes effective immediately when the Applicant signs or electronically accepts it and governs the Applicant’s access to Club systems, benefits, communications, and Activities from that moment. The Club may require completion of additional onboarding steps before activating membership.

Club contact: admin@thesocialexperimentclub.com.

1A. Club Materials and Copyright

The Club's original written content, photographs, graphics, artwork, merchandise designs, event materials, website content, documents, and other copyrightable creative works ("Club Materials") are owned by The Social Experiment LLC or used with permission. © 2026 The Social Experiment. All rights reserved.

Members receive only limited, revocable, nonexclusive, and nontransferable permission to view and use Club Materials for personal participation in the Club. Unless the Club owner gives prior written approval, Members may not copy, reproduce, modify, publish, distribute, sell, commercially exploit, create derivative works from, or remove copyright notices from Club Materials. Membership does not transfer ownership of any Club Materials. This Section does not restrict uses permitted by law.

2. Purpose and Scope

The Club is a membership-based social community that organizes or facilitates opportunities for adults to meet, attend activities, and build social connections. This Agreement applies to membership, Club events and activities, member communications, online communities, reservations, Club-arranged plans, and other experiences organized, sponsored, promoted, hosted, or materially facilitated by the Club (“Activities”).

Club Activities are held in Colorado. Any expansion outside Colorado will be subject to separately stated terms and applicable law.

The Club is not a dating, matchmaking, employment, mental-health, medical, transportation, security, or professional-referral service. Membership does not guarantee friendship, compatibility, attendance by particular people, admission to every Activity, or personal safety.

LGBTQ+ Inclusion and Allyship. The Club welcomes adults age 21 and older of all sexual orientations, gender identities, gender expressions, sexes, and backgrounds, including LGBTQ+ individuals and allies. Allies who support the dignity, safety, inclusion, and equal participation of LGBTQ+ people are encouraged to apply for membership and participate in the Club community. Membership is not limited to any particular identity group, and no Applicant, Member, or Guest is required to disclose their sexual orientation or gender identity. All Applicants remain subject to the Club’s generally applicable eligibility, screening, approval, and conduct requirements.

Religious and Nonreligious Inclusion. The Club welcomes people of all religions, faiths, creeds, spiritual beliefs, and people who hold no religious belief. Membership does not require adherence to or endorsement of any religion or belief system.

3. Eligibility and Application

Applicants and Guests must be at least 21 years old. An Applicant must provide accurate information, complete the required identity-verification and screening process, pay the disclosed charges, accept this Agreement, and satisfy the Club's lawful eligibility standards.

Creating a website account, paying a charge, receiving an automated email, or submitting screening information does not by itself create active membership. The Club may approve, deny, defer, condition, suspend, or terminate membership based on documented eligibility, conduct, payment, safety, fraud-prevention, or operational considerations, subject to applicable law and without unlawful discrimination.

4. Application Charges and Approval Status

The Applicant pays the selected membership charge and the separate screening fee during the application process, before final approval. Both charges and the fact that approval remains pending must be clearly displayed before payment.

The screening fee is nonrefundable after the screening request is submitted to Ankored. If the Applicant is not approved, the membership charge is also nonrefundable, except where applicable law requires otherwise. The Applicant acknowledges that payment does not guarantee approval or access to member benefits.

5. Background Screening and Ongoing Monitoring

The Club uses Ankored, a third-party screening and document-management provider, for onboarding screening, monthly sex-offender registry checks, monthly national criminal-database checks, and tracking or signing member legal documents. The Applicant authorizes the screening and monitoring through the disclosures and authorization process presented by Ankored and the Club.

Ankored will notify Members through the contact information in their Ankored account when a background screening must be renewed or a membership document signed or re-signed. Members must keep that information current and complete each request by its deadline. Failure may result in loss of event access, suspension, or termination of membership.

Screening is only one safety measure. It does not guarantee that any Member or Guest is safe, trustworthy, compatible, law-abiding, or free from undisclosed, incorrectly reported, or future misconduct. Databases may be incomplete, delayed, or inaccurate.

The screening information the Club receives and retains will be determined by Ankored's service configuration, authorization process, and applicable contract terms. The Applicant must direct disputes about report accuracy to Ankored or the relevant reporting source and notify the Club that a dispute is pending.

6. Screening Decisions and Continuing Eligibility

The Club relies on the screening result provided by Ankored and does not independently reinvestigate underlying records. An Applicant or Member who disputes a result will have no event access unless and until Ankored resolves the dispute and provides an updated qualifying result. When a screening result causes denial, suspension, or termination, the Club may state that the person did not satisfy screening requirements; the Club will provide any additional notice required by applicable law.

A Member must promptly report any change that materially affects continued eligibility or participant safety. The Club may suspend or terminate membership when ongoing monitoring or reliable information identifies a material eligibility or safety concern, subject to applicable law.

7. Membership Plans and Included Benefits

The current plans are \$30 per month or \$330 per year.

Club Activities may use one of three payment arrangements: no additional event charge; admission or tickets purchased separately by each Member through the venue or its authorized ticketing system; or a separately priced Club-ticketed event or Club event package paid through the Club's designated payment system. The Activity listing will identify the arrangement and any additional costs.

Membership may also include the event calendar, online communities, and opportunities to suggest Activities. Unless an Activity listing states otherwise, Members remain responsible for their own food, beverages, transportation, parking, lodging, equipment, and personal expenses.

Membership does not guarantee a minimum number of Activities, unlimited attendance, a place at capacity-limited Activities, a particular venue or host, or the availability of any particular Activity.

8. Automatic Renewal and Payment Authorization

Unless checkout expressly states otherwise, monthly memberships renew each month and annual memberships renew each year until canceled or terminated. By selecting a recurring plan, the Member authorizes the Club and its payment processor to charge the payment method on file at the disclosed amount and frequency.

The Club will present the renewal price, frequency, cancellation method, and material terms clearly before purchase and provide an acknowledgment the Member can retain. The Club will provide notices required by applicable law before covered renewals or material changes.

Colorado Automatic-Renewal Compliance. For memberships offered to Colorado consumers, the Club will clearly and conspicuously disclose before enrollment that the membership automatically renews, the renewal term, recurring price and billing frequency, cancellation policy and method, and any minimum purchase obligation. The Club will provide a written or electronic acknowledgment that the Member can retain and that includes the automatic-renewal terms, cancellation policy, and instructions for cancellation. An automatic renewal term will not exceed one year unless the Member gives express written consent to a longer renewal term.

When a Member enrolls online, the Club will provide an online cancellation opportunity that is readily accessible and complies with C.R.S. § 6-1-732. The Club will send renewal notices within the time required by Colorado law, including, when applicable, at least twenty-five and not more than forty days before a covered renewal. For renewal terms shorter than twelve months, the notice requirement will be applied before the first renewal that extends the membership beyond a continuous twelve-month period and before each later renewal that extends it beyond another consecutive twelve-month period. The Club will provide a clear and conspicuous retainable notice of a material change together with cancellation information. This Section does not limit any cancellation or consumer right that cannot lawfully be waived.

9. Cancellation and End of Access

A Member may cancel through the online cancellation method made available in the Member's account, through a clearly disclosed online cancellation link, or by emailing admin@thesocialexperimentclub.com. Cancellation stops future renewals and becomes effective at the end of the current paid billing period. The Member may continue using eligible benefits through that date unless membership is suspended or terminated for another reason.

The Club will send an email confirmation stating the cancellation effective date and final date of access. Voluntary cancellation does not create a refund or credit for the current paid period. The Club will not impose an unreasonable barrier to cancellation and will provide an online method when enrollment occurred online.

If a former Member reapplies or reactivates membership after cancellation, the Member must pay the membership price then offered by the Club. Any previous, promotional, discounted, grandfathered, or introductory rate does not carry over.

10. Failed Payments and Chargebacks

If a recurring payment fails, the Member has a seven-day grace period to update the payment method and resolve the balance. The Club may retry the charge as permitted by the payment processor. If payment remains unresolved after seven days, the Club may suspend member-only access, reservations, and event registration until payment is completed.

A chargeback does not automatically cancel membership. Fraudulent payments, repeated unjustified chargebacks, or misuse of payment systems may result in suspension or termination.

10A. Online Payments Only

All membership charges, screening fees, Club event charges, reservations, tickets, packages, Guest charges, and other amounts owed to the Club must be paid online through the payment system designated by the Club. Any amount owed directly to a venue or third-party provider must be paid through that party's authorized online payment or ticketing system.

Members and Guests may not make payments to event staff, hosts, Club Members, affiliates, volunteers, contractors, or any other individual on the Club's behalf. No such person is authorized to accept cash, checks, card details, transfers, or payments through a personal account or payment application for the Club. A payment made outside an authorized online system does not satisfy an amount owed to the Club, and the Club is not responsible for money delivered to an unauthorized recipient.

11. Refunds and Credits

Unless an Activity's posted terms state otherwise, membership charges, screening fees after submission, and event-related charges are nonrefundable except as required by law. When the Club terminates membership for a policy violation, no refund or credit is provided for the unused membership period, except as required by law.

If the Club cancels a separately paid Activity, the Club may issue either a refund or a Club credit, at the Club's discretion, except where applicable law or an express posted term requires a different remedy. Third-party tickets and vendor charges remain subject to the third party's rules.

12. Member Accounts and Access

Each Member must maintain an individual account, protect login credentials, and promptly report suspected unauthorized use. Accounts, memberships, tickets, badges, QR codes, and restricted links may not be shared or transferred unless the Club expressly permits it.

Only Active Members may access member-only pages and benefits. Suspension, cancellation, termination, or unresolved payment may change or remove access.

13. Guest Policy

An Active Member may bring any number of Guests to an Activity when that Activity permits Guests and has capacity. Each individual Guest may attend no more than two Club Activities in a calendar year. After two visits, that person must apply for and pay for membership before attending another Activity.

Before the applicable Activity begins, each Guest must complete the Club's guest registration process by providing the Guest's legal name and contact information, confirming that the Guest is at least 21 years old, completing government-issued identification verification, and accepting the Club's Community Standards. The Guest must provide accurate information, follow the Community Standards, and comply with venue requirements. Guests are not screened during their first two visits. A Member may not evade the visit limit by using a different spelling, contact method, account, or host Member.

The Club will retain each Guest's registration and identification-verification records for one year after the Guest's most recent Club Activity, then delete or deidentify them. Access is limited to Club leadership and authorized Club staff who need the information for legitimate registration, event-administration, safety, legal, fraud-prevention, or enforcement duties. Before receiving access, authorized staff must sign the Club's confidentiality and data-handling agreement, follow its security requirements, and use the records only for authorized duties. Authorized staff may securely store or access the records on Club-issued or personal devices, provided the devices are protected against unauthorized access and the records are not used or disclosed for any unauthorized purpose. The Club may suspend or revoke access when it is misused or no longer needed and may require staff to return or securely delete Club records when access ends. The Club may retain particular records longer when reasonably necessary to comply with law, respond to a legal claim or payment dispute, investigate a safety concern or policy violation, prevent fraud, document a restriction on participation, or preserve records subject to a legal hold.

Because Guests are not screened during their two permitted visits, each Guest is sponsored by the inviting Member and attends under that Member's responsibility. The inviting Member must ensure that the Guest completes the required registration before the Activity begins, remain reasonably available during the Activity, and take reasonable steps to address the Guest's noncompliance. To the fullest extent permitted by law, the inviting Member is responsible for losses, property damage, or third-party claims caused by the Guest's wrongful conduct or material violation of Club or venue rules. This provision does not make the Member responsible for harm caused solely by the Club, a venue, or another person, and does not waive rights that cannot legally be waived.

14. Reservations

Activities may have capacity limits, waitlists, eligibility requirements, reservation deadlines, and no-show rules. Members must comply with the terms posted for each Activity and may not sell or transfer a reservation.

15. Community Standards

Members and Guests must act lawfully, respectfully, honestly, and responsibly. Prohibited conduct includes:

- Violence, credible threats, intimidation, coercion, stalking, or deliberately unsafe conduct.
- Sexual harassment, sexual misconduct, unwanted romantic pursuit, or nonconsensual physical contact.
- Bullying, targeted humiliation, doxxing, retaliation, or repeated unwanted communications.
- Harassment, exclusion, threats, ridicule, intentional disrespect, or discriminatory conduct based on sexual orientation, gender identity, gender expression, sex, religion, creed, religious practice, nonreligious belief, or another protected or personal characteristic.
- Theft, fraud, vandalism, property damage, impersonation, or payment misuse.

- Disruptive intoxication, illegal drugs, prohibited weapons, or refusal to follow reasonable host or venue instructions.
- Unauthorized solicitation, multi-level marketing, recruiting, spam, data harvesting, or commercial pressure.
- Misuse of Club systems, member information, photographs, restricted content, or access credentials.

Language and Profanity. Casual profanity is not prohibited by itself. Members and Guests may not use profanity, slurs, insults, sexually explicit remarks, yelling, or other language in a manner that is threatening, harassing, discriminatory, targeted, repeatedly unwelcome, or materially disruptive to an Activity or the Club community. All participants must comply with venue rules and any event-specific language standards. Club staff, approved hosts, volunteers acting within their assigned duties, and venue personnel may direct a participant to stop or moderate inappropriate language. Refusal to comply or repeated violations may result in a warning, removal from the Activity, suspension, or termination of membership under this Agreement. Removal or disciplinary action does not create a refund or Club credit.

Members and Guests may hold and respectfully discuss personal religious, spiritual, or nonreligious beliefs, but may not pressure, repeatedly solicit, target, harass, or exclude another person based on religion, creed, religious practice, spiritual belief, or nonreligious belief.

16. Consent and Personal Boundaries

Participation in the Club, conversation, friendship, dating, or prior consensual interaction does not create continuing consent. A Member or Guest must stop romantic, sexual, physical, or other personal conduct when asked to stop and must respect verbal and nonverbal indications that attention is unwelcome.

Membership never entitles anyone to another person's time, contact information, affection, physical contact, transportation, or continued communication.

17. Social Relationships and Targeted Exclusion

Members remain free to choose their friends, decline invitations, end relationships, and decide whom they see privately. Those choices are not violations by themselves. Coordinated exclusion, rumor-spreading, humiliation, or pressure may violate Club rules when used to retaliate, intimidate, harass, or materially obstruct another person's Club participation.

18. Alcohol Cannabis Tobacco and Drugs

The Club does not purchase, provide, sell, serve, or distribute alcohol. Alcohol is BYOB only when permitted by law, the venue, campground, and posted Activity rules. Members and Guests are responsible for their own alcohol and conduct. No one may provide alcohol to a person under 21, bring illegal drugs, distribute controlled substances unlawfully, or attend while impaired in a manner that creates a disruption or safety risk.

Club leadership and authorized event staff may stop an impaired or disruptive person from drinking or participating, require sober transportation, require the person to leave, or contact an emergency contact, venue security, emergency services, or law enforcement. No person may drive, operate equipment, tend a fire or grill, enter an on-water activity, or engage in another hazardous activity while impaired. Cannabis use is prohibited during Activities unless expressly permitted by law, the venue, and posted Activity rules. Smoking and vaping are allowed only in designated areas.

19. Weapons

Weapons are prohibited at Club Activities unless the Club expressly authorizes a specific controlled Activity at a licensed or professionally operated venue with its own supervision, safety rules, and waivers.

Members may bring personal firearms or ammunition to a Club firearm Activity only when the professional venue expressly permits them for that specific Activity. The possession, transportation, storage, handling, and use of personal firearms and ammunition are subject to the venue's policies, instructions, supervision, safety rules, and waivers, as well as all applicable local, state, and federal laws.

Permission applies only to the specific Club firearm Activity expressly authorized by the Club and does not extend to any other Club Activity. This policy does not authorize possession or conduct that would otherwise be unlawful.

20. Dogs Pets Service Animals and Service Animals in Training

Dogs are generally permitted at Club Activities, but permission is always subject to the rules and decision of the venue, property owner, property manager, carrier, campground, lodging provider, or other person controlling the location. The Club may not have complete or current information about whether a location allows dogs. Before bringing a dog, the handler must confirm directly with the location that dogs are permitted and must learn and follow all breed, size, area, reservation, documentation, vaccination, licensing, leash, sanitation, and other requirements. Asking the Club, its staff, hosts, volunteers, Members, or affiliates does not satisfy this responsibility. A location may refuse or withdraw permission even if an Activity listing previously described the Activity as dog-friendly. These ordinary-dog rules do not limit rights applicable to service animals or service animals in training.

Only well-behaved, housebroken dogs that are trained sufficiently to remain under the handler's effective control may attend. An ordinary dog must remain under the handler's physical control at all times through a leash, harness, tether, carrier, or other physical restraint held or secured by the handler. Voice commands, electronic collars, or supervision alone do not satisfy this physical-control requirement. An ordinary dog may be released from physical restraint only while it is within an area that the venue, property owner, or other person controlling the location has specifically designated for dogs to be off leash or otherwise unrestrained, such as a designated off-leash dog park, and only while the location's rules permit it. The exception applies solely within that designated area; the dog must return to the handler's physical control before leaving it. Even in a designated off-leash area, the handler must remain present, actively supervise the dog, and be able to regain physical control immediately. The handler must prevent unwanted contact with people or animals; promptly remove waste; and comply with Activity terms, venue rules, applicable licensing and vaccination requirements, and reasonable safety instructions. A dog may not be left unattended or placed in the care of Club staff, hosts, volunteers, or other participants. The Club does not train, inspect, certify, supervise, care for, or guarantee any animal.

Club leadership, authorized Club staff, approved hosts, assigned Club volunteers, venue personnel, and a property owner or property manager may deny entry or require the immediate removal of an ordinary dog that is aggressive, threatening, uncontrolled, repeatedly barking or disruptive, not housebroken, apparently ill, unsanitary, causing damage, creating a safety concern, violating a rule, or no longer permitted by the location. The handler must promptly and safely remove the dog and, if necessary, leave the Activity with the dog. The Club may prohibit that dog from future Activities and may issue a warning, suspend or terminate the handler's membership, remove the handler from the Club, or impose another remedy authorized by this Agreement when the handler refuses an instruction, violates this Section, or the circumstances otherwise warrant action. Removal, exclusion, suspension, or termination does not create a refund or Club credit, except where a remedy cannot lawfully be withheld.

The handler is responsible for the dog and for injury, property damage, cleanup, fines, penalties, venue charges, or other costs caused by the dog or the handler's failure to control it. The handler must reimburse the Club or affected provider for documented charges attributable to the handler or dog. To the fullest extent permitted by law, the handler will indemnify and hold harmless the Club and its owners, managers, employees, contractors, volunteers, approved hosts, agents, and affiliates from third-party claims to the extent caused by the handler's or dog's acts, omissions, negligence, or violation of this Agreement.

TO THE FULLEST EXTENT PERMITTED BY LAW, EACH PARTICIPANT VOLUNTARILY ASSUMES THE ORDINARY RISKS OF BRINGING, HANDLING, OR INTERACTING WITH DOGS AT AN ACTIVITY AND RELEASES THE CLUB AND ITS OWNERS, MANAGERS, EMPLOYEES, CONTRACTORS, VOLUNTEERS, APPROVED HOSTS, AGENTS, AND AFFILIATES FROM CLAIMS ARISING FROM THOSE RISKS, THE CONDUCT OF AN ANIMAL OR ITS HANDLER, OR THE CLUB'S ORDINARY NEGLIGENCE. THIS RELEASE DOES NOT APPLY TO GROSS NEGLIGENCE, RECKLESS OR INTENTIONAL MISCONDUCT, OR A RIGHT OR LIABILITY THAT CANNOT LAWFULLY BE WAIVED.

A service animal is not a pet. Service animals will be admitted as required by applicable law, including to Activities that do not permit ordinary dogs. When the service-animal status and task are not apparent, authorized staff may ask only whether the dog is required because of a disability and what work or task it has been trained to perform. The Club will not require certification, registration, identification, medical information, or a demonstration of the task. Colorado-protected service animals in training and their trainers will be admitted as required by Colorado law. A miniature horse trained to perform disability-related work or tasks will be evaluated as a reasonable modification using the animal's housebreaking and control, the location's ability to accommodate its type, size, and weight, and legitimate safety requirements.

A service-animal handler or trainer remains responsible for the animal's supervision, care, and control. The animal must be housebroken and kept under control by a harness, leash, or tether unless the device would interfere with the animal's work or the person's disability prevents its use; in that situation, the handler must maintain control through voice, signal, or another effective method.

Who may require removal. When the Club controls the Activity or location, only Club leadership or authorized Club staff may make the decision on behalf of the Club to require removal of a service animal. When a venue, property owner, carrier, campground, lodging provider, or other third party controls the location, that provider's owner, manager, security personnel, or other authorized staff may require removal under its lawful policies. Club leadership, authorized Club staff, and an approved host may communicate or enforce such a lawful direction. Other Club volunteers and participants may report conduct or seek immediate assistance, but they may not independently decide that a service animal is excluded.

Why removal may be required. A service animal may be required to leave only after an individualized assessment and when legally permitted, including when: (1) the animal is out of control and the handler does not take effective action to regain control; (2) the animal is not housebroken; (3) the animal's actual behavior presents a direct threat to the health or safety of others that cannot be eliminated or reduced by reasonable measures; or (4) the animal's presence would fundamentally alter the nature of the specific Activity or is barred from a particular area by a legitimate safety requirement. Conduct indicating a lack of control may include repeated uncontrolled barking, lunging, attacking, threatening behavior, running away from the handler, or materially disrupting the Activity when the handler does not promptly correct it. A single bark, fear of dogs, allergies, breed, speculation, or a prior experience with a different animal does not by itself justify removal. Except when immediate action is reasonably necessary to address a direct safety threat, the handler should be told what conduct must be corrected and given an opportunity to regain control before removal is required.

A lawful direction to remove a service animal applies to the animal, not automatically to the handler. The individual will be offered an opportunity to continue participating without the animal when safe and reasonably feasible, unless the individual's own conduct independently warrants removal. Any future

restriction involving that service animal must be based on an individualized review of the relevant circumstances and applicable law.

Advance notice is not required for ordinary access with a service animal. A Member is encouraged to contact the appropriate provider directly in advance when requesting a separate accommodation, bringing a miniature horse, or attending an Activity involving unusual space, transportation, lodging, or safety constraints. Consistent with Section 35, the Member must complete any third-party accommodation process directly; the Club is not the Member's agent or intermediary for a venue-controlled request. No pet fee or surcharge will be imposed for a service animal, but the handler remains responsible for actual damage or charges on the same basis applied to other participants. A service animal may be excluded from a particular Activity, and further restrictions may be imposed, only after an individualized review permitted by law. A handler's refusal to control or remove an animal after a lawful instruction, material misrepresentation, or other independent violation of this Agreement may result in removal, suspension, or termination without a refund or Club credit, except where a remedy cannot lawfully be withheld.

Animals other than dogs are not permitted unless the Club expressly authorizes them for a particular Activity or applicable law requires otherwise. An emotional-support, comfort, therapy, or companion animal is not a service animal for public-access purposes merely because it provides comfort or wears a vest or identification; however, the Club will consider a legally required accommodation under the law applicable to the particular lodging, housing, or other setting.

21. Reporting Safety Concerns

Members and Guests are encouraged to report serious misconduct or safety concerns promptly to admin@thesocialexperimentclub.com or through the Club's published reporting method. Reports should include available dates, locations, involved people, witnesses, and supporting information.

The Club is not an emergency service. Anyone facing immediate danger, serious injury, active violence, or suspected criminal conduct requiring urgent help should contact 911, venue security, or law enforcement before or in addition to contacting the Club.

22. Nonretaliation and Review Process

Retaliation against a person who makes a good-faith report, provides information, or exercises a lawful right is prohibited. An unsubstantiated report is not automatically a false report. Knowingly fabricating a report or evidence with intent to harm or obstruct may itself violate this Agreement.

The Club may gather available information, speak with involved individuals, consult venues, preserve records, and take interim measures. The Club will use reasonable discretion but cannot promise absolute confidentiality or a court-like process.

23. Enforcement Suspension and Termination

Depending on the circumstances, the Club may provide guidance, issue a warning, restrict communications, remove a person from an Activity, cancel reservations, suspend access, impose conditions, or terminate membership. Immediate action may be taken when reasonably necessary for safety, privacy, property, legal compliance, or operations.

Three-complaint rule. Qualifying complaints about a Member from three separate Club Members accumulate for the entire duration of the person's membership and do not expire. After a Member reaches three qualifying complaints, authorized Club staff may, in their discretion, issue a written warning or ban the person from the Club, including future membership, Activities, online communities, and Guest participation. These are the only actions available under the three-complaint rule. A complaint qualifies only when two members of Club

leadership agree after a good-faith review that it is credible or substantiated and concerns conduct inconsistent with this Agreement or the Community Standards.

Each Member who personally witnessed the same incident or has materially independent information may submit a separate complaint, and each qualifying complaint may count separately. A complaint that is duplicative without independent knowledge, knowingly false, retaliatory, frivolous, or unsupported after review will not count. The Club will provide notice to the reported Member when a complaint is counted but is not required to offer a response opportunity before counting it. Leadership may request information from the reported Member or others when useful to its review.

The Club will keep a complainant's identity confidential from the reported Member and other Members to the extent reasonably possible. The Club may disclose identifying or complaint information when reasonably necessary to investigate, protect safety, obtain legal or insurance advice, respond to legal process, communicate with a venue or vendor, or enforce this Agreement. Absolute confidentiality cannot be guaranteed.

After permanent removal under the three-complaint rule or Section 54, the former Member may submit one written appeal by the deadline and method stated in the removal notice. The appeal must identify a material factual error, mistaken identity, conflict of interest, procedural error, or other specific reason the decision should be reconsidered. Two members of leadership will review the appeal; when reasonably practical, at least one reviewer will not have made the original removal decision. The written appeal decision is final.

The Club does not have to wait for three complaints when one incident, one complaint, screening information, or other reliable evidence reasonably supports immediate removal or termination for serious misconduct, safety risk, fraud, or a material violation. The Club may keep an internal record of counted complaints, notices, reviews, appeals, and decision grounds, subject to its privacy and retention practices.

No refund is due when membership is terminated for a policy violation, except as required by law. Termination does not prevent the Club or a venue from directing a person to leave or lawfully requesting a trespass restriction.

24. Activities and Third Parties

Activities may occur at third-party venues and may involve vendors, performers, ticket sellers, transportation providers, or other independent parties. Those parties are not controlled by the Club, and their terms, waivers, safety rules, refund policies, and accessibility limits may apply. The Club is not responsible for their independent acts or omissions except to the extent liability cannot lawfully be excluded.

24A. Venue Terms Waivers and Responsibility

Participation in an Activity at a third-party venue may require each participant to review and accept the venue's current rules, terms, releases, assumption-of-risk provisions, and waivers. Those venue requirements are separate agreements between the participant and the venue. They do not replace, limit, or modify this Agreement or any Club-specific waiver unless the Club expressly states in the applicable Activity listing or another writing that a specific provision controls.

Each participant is responsible for obtaining, reviewing, accepting, and complying with all venue requirements by the applicable deadline. The Club may provide or facilitate access to venue forms, links, or instructions, but doing so does not make the Club a party to the venue agreement or a guarantor of its accuracy, completeness, enforceability, administration, or protection. Acceptance of a venue waiver does not waive or release a claim against the Club on the venue's behalf, and acceptance of a Club waiver does not waive or release a claim against the venue on the Club's behalf.

Refusal or failure to accept or satisfy a required venue or Club waiver, rule, or participation condition may result in denied entry or participation without a refund or Club credit, except where applicable law or the posted Activity terms require otherwise. The Club does not assume responsibility for the venue's premises, condition, equipment, personnel, supervision, security, services, acts, omissions, or enforcement of its terms, except for responsibility that cannot lawfully be excluded.

25. Health Medical and Emergency Matters

Each participant is responsible for deciding whether an Activity is appropriate for the participant's health, physical ability, allergies, and circumstances. Members must obtain, carry, store, secure, and administer their own prescription and over-the-counter medication. Club staff do not provide routine medication storage, administration, reminders, or medical care.

The Club may deny or end participation without a refund when a person appears contagious, reports a communicable illness, or creates a reasonable health risk, except where law requires otherwise. The Club does not guarantee an illness-free environment.

If a participant appears unable to consent during an emergency, the participant authorizes the Club and its representatives to contact emergency services and provide reasonably available identifying, emergency-contact, or voluntarily supplied medical information. The participant remains responsible for medical and transportation charges.

26. Food Allergies and Dietary Needs

Activities may include potlucks or homemade food prepared in kitchens the Club has not inspected. Anyone bringing food must identify the dish and disclose known major allergens. That disclosure reflects only the preparer's knowledge and is not a guarantee of ingredients, sanitation, temperature control, or freedom from cross-contact. Participants with serious allergies must make independent decisions and arrangements.

Only people authorized by Club leadership or the venue may operate grills, smokers, propane appliances, fire pits, or similar equipment. They must follow venue rules, fire restrictions, safety instructions, and applicable law.

27. Transportation and Club Arranged Hired Vehicles

Unless an Activity listing states that the Club has arranged transportation, participants arrange and pay for their own transportation. Members may voluntarily arrange carpools through Club communications, but every carpool is a private arrangement between the driver and passengers. The Club does not select carpool drivers, inspect private vehicles, verify licenses or insurance, or guarantee driver sobriety.

For some Activities, the Club may contract with or reserve a third-party carrier to provide a party bus, limousine, charter bus, shuttle, or other hired group vehicle for transportation to, from, or during an Activity. The transportation charge may be included in the Activity price or charged separately, as disclosed in the Activity listing. Registered Guests may use Club-arranged transportation when space is available and are subject to the same transportation rules as Members.

The third-party carrier, not the Club, operates the vehicle and is responsible for the driver, route, vehicle condition, maintenance, licensing, regulatory compliance, and insurance. The Club is not a common carrier and does not control the carrier's driving decisions. Every passenger must follow the carrier's instructions, posted Activity terms, and applicable safety rules, and must use seatbelts or other passenger restraints when available.

Vehicles may depart at the posted departure time without waiting for late passengers, including for a scheduled return trip. A passenger who is late, misses departure, elects not to ride, or otherwise fails to use a

reserved seat receives no refund or credit. That person is solely responsible for arranging and paying for alternative transportation and any resulting lodging, admission, or other costs.

Club staff and the carrier may deny boarding or remove a passenger for misconduct, disruptive behavior, intoxication, failure to follow instructions, or any safety concern. A passenger who is denied boarding or removed must arrange and pay for alternative transportation and receives no refund or credit. Alcohol may be possessed or consumed in a hired vehicle only when the carrier permits it and all carrier rules and applicable laws are followed. The Club does not provide alcohol.

Each passenger is responsible for personal property brought into a hired vehicle, subject to the carrier's terms. The Club is not responsible for property that is lost, stolen, left behind, or damaged. A passenger whose conduct causes cleaning costs, repairs, fines, penalties, towing, delay charges, or other carrier or Club expenses must reimburse the Club or carrier for the full amount attributable to that passenger.

The Club is not responsible for losses caused by traffic, weather, road closures, mechanical problems, carrier delays or cancellations, route changes, accidents, law-enforcement action, or other transportation interruptions, including missed admission, shortened participation, missed connections, or additional personal expenses.

TO THE FULLEST EXTENT PERMITTED BY LAW, EACH PASSENGER RELEASES THE CLUB AND ITS OWNERS, MANAGERS, EMPLOYEES, CONTRACTORS, VOLUNTEERS, APPROVED HOSTS, AGENTS, AND AFFILIATES FROM CLAIMS ARISING FROM CLUB-ARRANGED TRANSPORTATION, INCLUDING BOARDING, RIDING IN, OR EXITING A HIRED VEHICLE AND CLAIMS BASED ON THE CLUB'S ORDINARY NEGLIGENCE. THIS RELEASE DOES NOT APPLY TO GROSS NEGLIGENCE, RECKLESS OR INTENTIONAL MISCONDUCT, OR RIGHTS THAT CANNOT LAWFULLY BE WAIVED.

28. Assumption of Ordinary and Extraordinary Activity Risks

Activities may involve crowds, travel, weather, physical exertion, food and alcohol, unfamiliar locations, third parties, slips and falls, illness exposure, interpersonal conflict, property loss, and other ordinary or extraordinary risks. The Member voluntarily chooses to participate and knowingly assumes all risks that are inherent in, reasonably apparent from, or reasonably connected with the Activity, whether known or unknown, anticipated or unanticipated, foreseeable or unforeseeable, except to the extent applicable law does not permit assumption or waiver.

Release of Liability. To the fullest extent permitted by Colorado law, the Member knowingly and voluntarily releases, waives, and discharges The Social Experiment LLC, the Club, and their owners, managers, employees, contractors, volunteers, approved hosts, agents, and affiliates from claims, demands, causes of action, damages, losses, or liabilities arising from or relating to the Member's voluntary participation in a Club Activity, including personal injury, illness, death, or property loss resulting from ordinary or extraordinary Activity risks, the independent acts or omissions of Members, Guests, venues, vendors, carriers, property owners, or other third parties, or the released parties' ordinary negligence. This release does not apply to gross negligence, reckless or intentional misconduct, statutory or regulatory duties that cannot lawfully be waived, or any other right or liability that cannot lawfully be released.

Indemnification Defense and Hold Harmless. To the fullest extent permitted by law, the Member will indemnify, defend, and hold harmless The Social Experiment LLC, the Club, and their owners, managers, employees, contractors, volunteers, approved hosts, agents, and affiliates (collectively, the "Indemnified Parties") from and against third-party claims, demands, actions, damages, judgments, settlements, losses, fines, penalties, charges, liabilities, and reasonable attorneys' fees and defense costs, but only to the extent caused by the Member's acts, omissions, negligence, property, animal, a Guest for whom the Member is responsible under Section 13, or the Member's material violation of this Agreement.

The Club will provide reasonably prompt notice of a covered third-party claim after becoming aware of it, but a delay in notice relieves the Member of an obligation only to the extent the delay materially prejudices the defense. The Member may control the defense with qualified counsel reasonably acceptable to the Club. The Club may participate through counsel at its own expense, except that the Member must pay reasonable separate-counsel costs when a material conflict of interest requires separate representation or applicable law otherwise requires payment. The Member may not admit fault on behalf of an Indemnified Party, agree to nonmonetary obligations affecting an Indemnified Party, or settle a claim without a complete release of the Indemnified Parties unless the Club gives prior written consent, which will not be unreasonably withheld. If the Member does not timely assume and diligently conduct a covered defense after notice, the Club may defend the claim and the Member must reimburse the reasonable covered costs.

These obligations do not require the Member to indemnify or defend an Indemnified Party to the extent a claim is caused by that Indemnified Party's own negligence, gross negligence, reckless or intentional misconduct, or another liability that cannot lawfully be shifted. The indemnification obligation applies only to third-party claims and does not eliminate any separate reimbursement, release, or direct payment obligation stated elsewhere in this Agreement.

29. Release of Claims

TO THE FULLEST EXTENT PERMITTED BY COLORADO LAW, THE MEMBER RELEASES THE CLUB AND ITS OWNERS, MANAGERS, EMPLOYEES, CONTRACTORS, VOLUNTEERS, APPROVED HOSTS, AND AGENTS FROM CLAIMS ARISING FROM THE ORDINARY RISKS OF VOLUNTARY PARTICIPATION, THE INDEPENDENT CONDUCT OF MEMBERS, GUESTS, VENUES, AND VENDORS, AND THE CLUB'S ORDINARY NEGLIGENCE. THIS RELEASE DOES NOT APPLY TO GROSS NEGLIGENCE, RECKLESS OR INTENTIONAL MISCONDUCT, OR RIGHTS OR LIABILITIES THAT CANNOT LAWFULLY BE WAIVED.

A venue or vendor may require its own waiver. Club leadership may also require a separate Club waiver when an Activity presents additional risk not adequately addressed by the venue form. Refusal to accept any required waiver prevents participation without a refund, except where required by law.

30. Personal Property and Damage

Participants are responsible for personal belongings. The Club does not maintain a lost-and-found or accept responsibility for storing unattended property. Found items may be left with the venue, property owner, or appropriate authority. The Club is not responsible for lost, stolen, or damaged property except to the extent required by law.

A Member or Guest may be responsible for damage caused by that person's intentional misconduct, negligence, or material violation of venue or Club rules. Members may privately lend equipment to one another, but the Club does not inspect, approve, maintain, insure, or guarantee privately owned equipment.

31. Photography Video and Required Media Consent

As a condition of membership, the Member consents to the Club's capture and use of the Member's name, image, likeness, voice, statements, photographs, audio, and video from Activities for Club advertising, social media, website content, event recaps, membership promotion, and other lawful promotional purposes, without additional compensation.

The Club may edit, crop, reproduce, publish, and distribute the material in any lawful medium. The Member waives the right to inspect or approve the final use. This consent does not authorize materially misleading use, unlawful defamation, or sale of the Member's identity as an unrelated endorsement.

Withdrawal applies only to future intentional promotional use after the Club receives and can reasonably implement a written request. It may not require removal of material already printed, posted, distributed, archived, incorporated into completed media, captured incidentally in a crowd, or controlled by a third party.

The required media consent also applies to Club recordings of virtual Activities. The Club may use platform recording indicators and event-listing notices when practical, but no separate event-specific consent is required by this Agreement, except where applicable law requires otherwise.

32. Member Privacy and Online Communities

Members may use information learned through the Club only for legitimate personal participation. Members may not scrape, sell, publish, or use member information for harassment, surveillance, solicitation, recruiting, or unrelated marketing. Members must respect blocking and no-contact requests.

Members should not post highly sensitive information in Club chats or profiles. The Club may moderate, remove, preserve, or disclose content when reasonably necessary to enforce rules, address safety, comply with law, or protect the Club and participants.

33. Member Content Ownership

Upon submission, the Member transfers and assigns to the Club all ownership rights in the submitted content, and the Member no longer retains ownership of it. The Member represents that the Member owns the content or has all rights necessary to transfer it to the Club. The Club may host, reproduce, edit, format, display, distribute, archive, remove, and otherwise use the content for Club operations and other lawful purposes. Promotional use of identifiable media is additionally governed by Section 31.

34. Communications

The Member agrees to receive transactional communications necessary to administer the application, screening, membership, billing, safety, policy, and Activity participation. Marketing email or text messages will be handled according to the consent and opt-out choices presented by the Club and applicable law. Withdrawing marketing consent does not stop necessary transactional communications.

35. Accessibility and Accommodations

The Club is a privately owned, membership-based social club. The Club will comply with the Americans with Disabilities Act, the Colorado Anti-Discrimination Act, and other applicable disability-access requirements to the extent each law applies to the Club, an Activity, or a portion of an Activity controlled by the Club.

For goods, services, communications, policies, registration processes, ticketing, seating arrangements, facilities, or other aspects of an Activity directly controlled by the Club, the Club will provide reasonable modifications and appropriate auxiliary aids or services for effective communication when legally required. The Club may select an effective accommodation or communication method after considering the individual's request and the circumstances. The Club is not required to make a modification that would fundamentally alter the nature of an Activity, create an undue burden, eliminate an essential eligibility requirement, or create a direct threat or conflict with a legitimate safety requirement that cannot be sufficiently reduced through reasonable measures. A direct-threat or safety determination will be individualized and based on objective information rather than assumptions or stereotypes.

A Member may request an accommodation by contacting admin@thesocialexperimentclub.com. Advance notice is encouraged when an accommodation requires planning, equipment, scheduling, coordination, or advance purchase, but failure to provide advance notice does not automatically waive an applicable right. The Club will consider late or on-site requests to the extent reasonably possible under the circumstances.

The Club will not impose a prohibited surcharge or retaliate against an Applicant, Member, or Guest for requesting a disability-related accommodation, opposing disability discrimination, or participating in a protected complaint or proceeding.

For accessibility features, services, physical modifications, lodging, transportation, or other accommodations controlled exclusively by a venue, ticket provider, lodging provider, carrier, vendor, property owner, or other third party, the Member should contact that provider directly and complete its accommodation process. The Club is not the Member's agent for a third-party request and cannot guarantee an accommodation outside the Club's control. This allocation does not eliminate any independent duty the Club may have when it owns, leases, operates, or controls a location or controls another relevant part of an Activity. The Club may coordinate with a third party when reasonably necessary to address an aspect of an Activity controlled by the Club. This Section does not waive any duty, remedy, or right that cannot lawfully be waived.

36. Changes Cancellations and Force Majeure

The Club is not responsible for a delay, interruption, change, inability to perform, or cancellation to the extent caused by an event beyond the Club's reasonable control. Such events may include severe weather, wildfire, flood, natural disaster, public-health emergency, epidemic, pandemic, illness outbreak, government order or restriction, war, terrorism, civil unrest, labor dispute, utility failure, internet or telecommunications outage, payment-system or platform outage, cyberattack or security incident not caused by the Club's failure to use reasonable safeguards, transportation interruption, road closure, supply-chain disruption, shortage, or the failure, cancellation, closure, or unavailability of a venue, carrier, ticket provider, screening provider, lodging provider, manufacturer, fulfillment provider, vendor, performer, or other necessary third party.

When affected by such an event, the Club may suspend, delay, shorten, relocate, reschedule, substitute, modify, or cancel an Activity, benefit, communication, screening step, reservation, transportation arrangement, lodging arrangement, ticketed package, merchandise order, or other affected performance. The Club will use reasonable efforts under the circumstances to limit the disruption and provide notice when practical, but it is not required to incur unreasonable cost, accept a material safety risk, or provide performance that has become unlawful, unavailable, commercially impracticable, or impossible. Performance is excused only to the extent and for the duration reasonably affected by the event.

The refund, credit, rescheduling, substitution, cancellation, and third-party-charge terms applicable to the affected purchase or Activity will govern. A force-majeure event does not excuse payment obligations that accrued before the event, authorize the Club to retain a payment that applicable law requires it to refund, or waive a right or remedy that cannot lawfully be waived. Except to the extent prohibited by law, the Club is not responsible for consequential or incidental losses arising from a covered disruption, including travel changes, replacement purchases, missed admission, lost opportunities, or personal expenses.

37. Changes to Membership Terms

The Club may revise, replace, or update this Agreement and incorporated policies from time to time for legal, safety, operational, membership, technology, insurance, or business reasons. The Club will provide notice of a revised agreement in a manner consistent with applicable law and will identify the effective date. Material changes to price, automatic renewal, screening, privacy practices, or substantive member rights will not be implemented solely by silently editing a webpage.

At the Club's discretion, a Member may be required to sign or electronically accept a revised agreement, policy, waiver, authorization, or other membership document by a stated deadline to continue membership. Missing the deadline may result in suspended access, blocked Activity registration, declined renewal, or

termination under the cancellation and refund terms then in effect. A Member who does not agree may cancel before the revision applies to a future renewal period.

A revised agreement supersedes all prior versions of this Agreement and governs previous and future transactions, but it does not waive an accrued claim or eliminate a right that cannot legally be waived. When applicable law requires advance notice, separate consent, or another procedure, the Club will follow that requirement. Continued use alone will not substitute for a new signature when the Club expressly requires reacceptance.

38. Notices

The Club may deliver membership, billing, screening, document-signature, policy, safety, event, operational, legal, and other Club notices through one or more of the following methods: (1) email to an email address associated with the Member's account; (2) SMS, MMS, or other text message to a telephone number associated with the account; (3) a telephone call or voicemail to such a number; (4) an in-app, account, or device push notification; or (5) first-class mail, certified mail, or a commercial delivery service sent to a mailing address associated with the Member's account. The Club may use more than one method for the same notice.

By providing a telephone number, the Member authorizes the Club and its service providers to use that number for nonmarketing communications concerning the Member's account, membership, Activities, safety, screening, required documents, payments, or Club operations, including calls, texts, and prerecorded or automated messages when permitted. Message and data rates may apply. Consent to receive marketing communications is not a condition of membership, and the Club will obtain any separate consent required for marketing messages.

The Member must keep all email addresses, telephone numbers, mailing addresses, device permissions, and account information current and must promptly update the Club after a change. An electronic or telephone notice is considered delivered when sent through the selected method, and a mailed notice is considered delivered when deposited with the United States Postal Service or accepted by the commercial delivery service, unless the Club receives actual notice that delivery failed or a different delivery rule is legally required. Disabling push notifications, blocking a number, failing to check messages or mail, refusing delivery, or failing to update contact information does not invalidate a properly sent notice. Notices to the Club must be sent to admin@thesocialexperimentclub.com unless a different method is stated for a particular matter.

39. Governing Law and Venue

Colorado law governs this Agreement, without regard to conflict-of-law principles, except that the Federal Arbitration Act governs Section 56. Subject to Section 56, unless the parties agree otherwise or applicable law requires another forum, a permitted court action concerning this Agreement must be brought in a state or federal court with jurisdiction in Colorado. This section does not waive any nonwaivable consumer right.

40. No Assignment by Member

Membership is personal. The Member may not assign or transfer this Agreement or membership without the Club's written approval. The Club may assign the Agreement in connection with a lawful merger, sale, reorganization, or transfer of its business, subject to applicable law.

41. Severability No Waiver and Survival

If a provision is held unenforceable, it will be limited or removed only to the extent necessary, and the remaining provisions will continue. Failure to enforce a provision once is not a waiver. Provisions concerning

payment obligations, releases, privacy, intellectual property, dispute terms, and matters that by nature continue after termination survive.

42. Entire Agreement and Electronic Records

This Agreement, checkout disclosures, Activity-specific terms, privacy notice, and any additional authorization expressly incorporated into it form the agreement concerning membership and supersede inconsistent prior statements on the same subject. Activity-specific terms control only for the Activity and issue they address.

Electronic signatures, checkbox acceptance, and electronic records may be used. The Club may retain the version accepted, date and time, Member account, selected plan, payment authorization, and consent records.

43. Arrival Check In and Event Authority

Every Member and Guest must verbally check in with authorized Club staff or the approved host immediately upon arrival. Online registration, a ticket scan, location sharing, or another person reporting the arrival does not replace verbal check-in unless staff expressly approve an alternative. A person discovered without checking in must do so immediately; repeated or intentional violations may result in removal, suspension, or other discipline.

Only designated Club staff and approved Club hosts may conduct an Activity on the Club's behalf. Other Members may not present an outing as an official Club Activity, bind the Club, collect money for the Club, make safety promises, or direct participants. Only Club leadership may give emergency authorization, and that authorization must be documented as soon as reasonably practical.

43A. Identity Verification and Identification Checks

At each Member's and Guest's first Club Activity, that person must present a current government-issued photo identification. The name on the identification must match the name on the ticket or RSVP and the person's membership account, Guest account, or Guest registration record. This first-event check is required to confirm that the person attending is the authorized account holder or registered participant and is at least 21 years old. Authorized Club staff, Club volunteers assigned to check-in or safety duties, approved Club hosts, and venue staff may request and review the identification.

Identification may also be requested at any Activity when reasonably needed to confirm a person's identity, age, account ownership, eligibility, reservation or ticket status; address a safety or security concern; investigate or respond to suspected misconduct or a policy violation; enforce this Agreement, Activity rules, or venue rules; or satisfy a lawful venue or governmental requirement.

Members and Guests are equally required to present identification, submit to any permitted authentication method, and cooperate fully with the identification-check process. A Guest's status as an unscreened Guest or attendance within the two-visit allowance does not excuse or replace this requirement. Authorized Club staff may use government-provided, government-authorized, or government-sanctioned methods to assess whether a Member's or Guest's identification appears genuine, valid, altered, or counterfeit. These methods may include official reference materials, security-feature inspection, barcode or magnetic-stripe scanning, electronic authentication tools, or verification systems lawfully available for identification checks. The use of a verification method does not guarantee that an identification is genuine or create a duty for the Club to detect every false or altered identification.

Refusal to present identification or cooperate with a permitted verification method, use of false or altered identification, use of another person's account or credentials, an identification that cannot be reasonably

authenticated, or a material identity mismatch may result in delayed entry, denial of entry, removal from the Activity, suspension, or termination. Unless a separate process or notice states otherwise, the Club may record that verification was completed and its result, but the identification check does not authorize the Club to retain a copy or image of the identification. Temporary electronic processing necessary to perform an authorized authentication check is permitted.

44. Activity Safety Equipment and Security

Club leadership or an approved host may deny or stop participation without a refund when a person lacks required clothing or protective equipment, appears impaired or unprepared, refuses a safety briefing, violates instructions, or creates a reasonable safety concern. The Club may change, relocate, shorten, postpone, or cancel an outdoor Activity because of weather, wildfire, road conditions, venue restrictions, or another safety concern; the all-sales-final and posted Activity terms apply except where law requires otherwise.

The Club does not provide, own, maintain, inspect, or rent equipment used at a venue Activity. Venue or vendor equipment is supplied under that provider's rules and agreements. Members must follow all instructions and decide whether they can safely use the equipment. Signing a provider waiver does not replace this Agreement or any additional Club waiver.

The Club or venue may require reasonable bag checks, identification checks, metal-detector screening, or other safety screening. Refusal means no entry or continued participation and no refund. If prohibited property is found, staff may require its removal, deny entry, remove the person, or contact venue security, emergency services, or law enforcement; staff need not take possession of the item.

45. Camping Outdoor and Overnight Activities

Camping and outdoor Activities may involve severe weather, wildfire, smoke, campfires, wildlife, insects, poisonous plants, altitude, water, uneven terrain, falling branches, limited cellular service, and delayed rescue or evacuation. Participants must follow campground, land-agency, fire-ban, sanitation, food-storage, quiet-hour, evacuation, and Leave No Trace requirements.

Each participant supplies suitable tents, sleeping equipment, clothing, weather protection, food, drinking water, medication, lighting, navigation, and other personal supplies. The Club does not inspect or guarantee personal gear. Members must check in and notify an approved host before leaving early, separating from the group, changing overnight arrangements, or failing to return at the expected time.

A current emergency contact is required for camping, overnight, and remote outdoor Activities. A Member may voluntarily provide relevant medical information during account creation. Access is limited to Club leadership, authorized event staff with a need to know, and emergency responders when reasonably necessary. Members must keep the information current. The Club will delete it within 30 days after membership ends unless retention is reasonably necessary for an incident, claim, legal requirement, or legal hold.

When reasonably concerned for a participant's safety, the Club may contact the participant, emergency contact, venue or land-management personnel, emergency responders, or law enforcement and share necessary information. A Member who fails to follow check-in, departure, or location-reporting requirements is responsible for documented private response costs charged to the Club because of that failure, subject to applicable law.

46. Private Residence Activities

An Activity may occur at a private residence only after authorized Club staff conduct a limited operational review and approve the location. Approval is not a building inspection, code certification, security assessment, or guarantee that the property is hazard-free and may be withdrawn if conditions change.

Before the Activity, the owner, tenant, lessee, or other lawful host must sign a separate host agreement confirming authority and any required owner, landlord, HOA, or occupant permission; applicable property, parking, occupancy, and prohibited-area rules; known hazards and material conditions; and an obligation to report changed conditions. The host must provide proof of current homeowners, renters, or premises-liability coverage meeting a limit selected with the Club's insurance broker.

Host agreements and related property-approval records, proof of insurance, inspection notes, and communications are confidential business records between the Club and the applicable homeowner, property owner, host, tenant, lessee, landlord, property manager, HOA, insurer, or other authorized property party. They are not membership records or event materials and are not available for inspection, copying, or distribution to Members, Guests, or other participants. Access is limited to the parties to the applicable agreement, authorized Club leadership or staff with a business need to know, and the Club's legal, insurance, or professional advisers.

The Club may provide participants with property rules, parking or access instructions, known-hazard warnings, emergency information, and other details reasonably necessary to attend safely without providing the underlying agreement or related confidential records. The Club may also disclose such records when authorized by the applicable property party or when reasonably necessary for insurance, claims, legal advice, law enforcement, emergency response, or compliance with a subpoena, court order, or other legal requirement.

47. Lodging and Shared Sleeping Arrangements

Depending on the Activity, the Club may reserve campsites, cabins, hotel rooms, or other lodging, or participants may make their own arrangements. The event listing will identify the model. Lodging and related payments remain governed by the Agreement's all-sales-final and event-charge provisions.

Members may choose their own roommates or sleeping arrangements when capacity and reservations permit. If assignments are necessary, gender-based assignments use each person's self-identified gender and require the consent of every assigned person. No one is required to share a bed. If no mutually acceptable arrangement is available, the Member may obtain separate nearby lodging at the Member's own expense, responsibility, and transportation risk.

48. Water Controlled Activities

Each participant is solely responsible for knowing, honestly assessing, and monitoring their own capabilities, swimming ability, physical condition, health, experience, training, comfort level, and personal limitations before and during any water-related Activity. A participant must decide whether they can safely participate, obtain medical or professional advice when appropriate, disclose relevant limitations when necessary for safety, use suitable protective equipment, and decline or stop participating if conditions or the participant's capabilities make continued participation unsafe. The Club, its staff, volunteers, hosts, and other representatives do not evaluate or guarantee any participant's fitness, skill, judgment, or ability to participate safely.

Swimming, boating, paddleboarding, rafting, and similar Activities may occur when permitted by the venue and event rules. Risks may include drowning, weather and water changes, slippery surfaces, water quality,

marine hazards, equipment failure, and delayed rescue. Unless expressly stated otherwise, the Club does not provide lifeguards or water-safety supervision.

A properly fitted, U.S. Coast Guard-approved personal flotation device is always required by the Club for boating, paddleboarding, rafting, and similar on-water Activities. The Club does not supply the device. Refusal means no participation and no refund.

TO THE FULLEST EXTENT PERMITTED BY LAW, EACH PARTICIPANT RELEASES THE CLUB AND ITS OWNERS, MANAGERS, EMPLOYEES, CONTRACTORS, VOLUNTEERS, APPROVED HOSTS, AGENTS, AND AFFILIATES FROM CLAIMS ARISING FROM SWIMMING OR OTHER WATER ACTIVITIES, INCLUDING CLAIMS BASED ON ORDINARY NEGLIGENCE. THIS RELEASE DOES NOT APPLY TO GROSS NEGLIGENCE, RECKLESS OR INTENTIONAL MISCONDUCT, OR RIGHTS THAT CANNOT LAWFULLY BE WAIVED.

49. Drones and Remote Controlled Devices

Drones and remote-controlled devices may be operated only at venues and Activities specifically arranged for that purpose, with advance Club approval and compliance with venue rules and applicable law.

50. Virtual Activities

Community Standards apply to virtual Activities. Members and Guests may not share meeting links, passwords, participant lists, chat logs, or private information. They may not record, photograph, screenshot, copy, stream, or distribute virtual-event content unless the Club and every affected participant approve. Hosts may mute, remove, block, or report participants.

Members control what is visible or audible in their surroundings. The Club does not guarantee uninterrupted service, platform security, accessibility, or compatibility, and third-party platform terms and privacy practices apply.

51. Outside Providers Entertainment and Promotions

An outside instructor must sign a provider agreement, provide relevant licenses or credentials when appropriate, and furnish proof of suitable liability insurance. Established vendors, venue staff, instructors, and performers are not required to complete Ankored screening; the Club may rely on provider assurances and screening practices. The Club's member-screening program does not mean third-party personnel or members of the public have been screened by the Club.

Movies, sports streams, karaoke, recorded music, and similar presentations may occur only after Club leadership verifies that the Club, venue, platform, or source supplies necessary performance or display rights. Approved hosts may not assume that a personal subscription is sufficient.

Any Club sponsorship, endorsement, promotion, or featured presentation involving an outside provider, product, service, entertainment offering, performer, promotional partner, discount, or free product must receive advance approval from both the Club and its owner, and any material relationship must be clearly disclosed. No Club approval, listing, sponsorship, endorsement, promotion, discount, free product, or other association is a representation, warranty, or guarantee of any outside provider, product, service, entertainment, promotion, safety, legality, quality, accuracy, availability, suitability, results, or performance. Members and Guests remain responsible for evaluating outside offerings and deciding whether to purchase, use, or participate in them.

52. Games Drawings and Financial Transactions

The Club may conduct free internal drawings, bingo-style games, contests, promotional gifts, door prizes, or giveaways only when permitted by applicable law. No purchase, additional payment, wager, donation, paid

reservation, or event-ticket purchase may be required to enter or improve the odds of winning a prize selected by chance. When participation is otherwise limited to Members or event attendees, the Club may provide a free alternative method of entry when necessary. The Club may establish written eligibility requirements, entry periods, prize descriptions, winner-selection procedures, and other official rules. Giveaways are void where prohibited and do not authorize an unlicensed raffle, lottery, gambling activity, or unlawful promotion. The Club may attend licensed or venue-sponsored gaming events where the venue operates the game and handles wagers and prizes. The Club will not take a rake, buy-in profit, percentage, or portion of wagers.

Member-to-member commercial sales, loans, paid services, investments, fundraising, and similar financial transactions are prohibited through Club Activities, chats, directories, and resources. Good-faith reimbursement of shared Activity expenses, such as meals, fuel, campsites, or jointly purchased supplies, is allowed.

This section does not prohibit bona fide voluntary gifts between Members or Guests, including ordinary gift exchanges, provided the gift is not offered as part of a wager, paid drawing, unlawful promotion, commercial solicitation, or payment for a chance to win a prize. This section also does not prohibit an Activity from requiring participants to purchase admission, tickets, food, merchandise, supplies, equipment rental, or other goods or services reasonably related to participation. Any required purchase must be disclosed in advance and must purchase the stated goods, services, admission, or participation itself, not a wager, stake, raffle ticket, or chance to receive a prize. Participation charges remain subject to the other payment and event terms of this Agreement.

53. Club Event Packages and Ticketed Activities

The Club may sell its own separately priced Activity package. A package price may cover planning, administration, hosting, reservations, supplies, included third-party admission, and other disclosed components. The Club is not required to itemize internal costs or margin, but the total mandatory price and material inclusions and exclusions must be displayed before payment. Membership dues do not include separately priced packages.

Included admission may be held under a group reservation or transferred individually by event staff. The listing will state the delivery and entry method. A Member who fails to accept an electronic transfer by the disclosed deadline may forfeit the reservation without a refund or credit. Group seating is not guaranteed unless expressly promised, and venue or operator changes may affect seats.

Club event packages are nontransferable and may not be sold, assigned, gifted, auctioned, or exchanged, subject to nonwaivable law. The sponsoring Member must purchase a Guest package and ensure the Guest satisfies registration, identification, Community Standards, and visit-limit requirements. No refund or credit is due when a Guest fails those requirements or is denied entry.

The Club may offer early-bird prices, promotional discounts, and higher Guest prices when the applicable price and eligibility terms are disclosed. A later discount does not create a price adjustment. If a documented mandatory vendor cost increases after purchase, the Club may request the additional amount; a Member who declines may cancel and receive a Club event credit.

Club event credits have no calendar expiration while membership remains active, have no cash value, and are nontransferable. The Club may establish or change, at its discretion, how Club event credits are earned and the value assigned to them. Credits earned or issued will be recorded in the Member's Club account. Credits cannot be used during a suspension and expire immediately when membership ends, except where law requires otherwise.

If the Club cancels the entire package, it may choose a refund or Club event credit based on the circumstances, except where law requires a particular remedy. If an included third-party event is postponed, rescheduled, canceled, or materially changed, the Club may reasonably modify the schedule, substitute

another activity, continue the social portion, or use the underlying admission on the rescheduled date. A Member who declines a reasonable substitute or rescheduled experience receives no refund or credit, except where required by law.

53A. Merchandise Sales

The Club may offer apparel, accessories, promotional goods, and other merchandise to Members, Guests, and the general public. Purchasing or possessing merchandise does not create membership, event access, authority to represent the Club, or any other Club right or benefit. Merchandise transactions are separate from membership. Membership denial, cancellation, suspension, or termination does not cancel a merchandise order or create a refund or credit.

Merchandise may be offered through the Club's website or payment system or through a third-party storefront, manufacturer, print-on-demand service, fulfillment provider, carrier, or other seller. The checkout page will identify the seller or payment recipient and the material price and order terms. When a third party collects payment as seller of record, that party's sales, payment, fulfillment, privacy, shipping, claim, and refund terms control the transaction. When the Club collects payment as seller of record, this Section and any merchandise terms disclosed at checkout apply, and the Club may use third parties to manufacture, fulfill, and deliver the order.

All merchandise sales and purchases are final. An order may not be canceled or changed after submission, including changes to the product, size, color, quantity, personalization, or delivery address. Before ordering, the buyer must review the product description, measurements, sizing information, materials, care instructions, colors, personalization, quantity, and delivery address. No return, exchange, refund, or credit is provided for fit, sizing, normal color or placement variation, personal preference, duplicate orders, or another buyer selection or entry error, except where a remedy cannot lawfully be withheld.

The buyer must timely initiate and pursue any claim involving a damaged, defective, misprinted, incorrect, lost, stolen, delayed, misdelivered, or undelivered item directly through the applicable fulfillment provider, seller, or carrier and follow that party's claim procedures, deadlines, proof requirements, and remedies. The Club does not administer a separate return or shipping-claim program. The Club is not responsible for carrier or provider conduct, porch theft, an incorrect or incomplete buyer-supplied address, or losses resulting from delay or nondelivery, except for an obligation that applies to the Club as seller of record and cannot lawfully be excluded.

Production, shipment, and delivery dates are estimates rather than guarantees. When the Club is the seller of record, the Club will provide any delay notice, cancellation option, consent request, or refund required for unshipped merchandise. Subject to those requirements, a production, carrier, customs, supply, weather, or other fulfillment delay does not create a refund, credit, or liability for missed dates, lost opportunities, replacement purchases, or other resulting losses.

If an item becomes unavailable or an order cannot be fulfilled, the Club may cancel the affected item and choose, in its sole discretion, between a refund and merchandise credit, except when law requires a refund to the original payment method. The Club may also cancel an order reasonably suspected of fraud, payment misuse, unauthorized commercial resale, or misuse of Club branding and may choose, in its discretion, between a refund and merchandise credit, subject to nonwaivable law.

Product prices, shipping, handling, taxes, and other order charges may be included in the displayed price or added separately, as clearly disclosed for the particular product or sale before payment. The Club may offer member pricing, promotional discounts, bundles, limited-time pricing, and other offers at its discretion. A later discount or promotion does not create a refund, credit, price adjustment, or right to cancel an earlier order.

Merchandise credit has no cash value, is nontransferable, and may be used only toward eligible Club merchandise under the redemption instructions issued with the credit. Merchandise credit is separate from Club event credit and may not be applied to membership charges, screening fees, event charges, tickets, lodging, transportation, or another non-merchandise purchase.

Club merchandise is offered for personal use and not for unauthorized commercial resale. The Social Experiment LLC retains all rights it may hold in its original artwork, graphics, merchandise designs, logos, slogans, photographs, written content, and other copyrightable creative materials. © 2026 The Social Experiment. All rights reserved. A purchase does not grant permission to copy, reproduce, manufacture, modify, distribute, commercially resell, or create derivative products; use Club branding in advertising, a business, a domain name, a social-media identity, or another commercial manner; or imply Club sponsorship, affiliation, approval, employment, or authority.

To the fullest extent permitted by law, the Club makes no separate warranty regarding merchandise. Any available manufacturer, seller, or fulfillment-provider warranty applies under that party's terms. The buyer must follow product warnings, care instructions, and intended-use limitations and is responsible for damage or injury caused by misuse, alteration, improper care, or use contrary to instructions. This Section does not disclaim a warranty, remedy, or consumer right that cannot lawfully be waived.

54. Confidentiality Restricted Use and Recruiting

Confidential Club Information includes nonpublic membership lists, directories, contact information, complaint and safety records, internal documents, pricing or planning information, vendor terms, passwords, access credentials, and other information reasonably understood to be confidential. A Member may not copy, export, disclose, sell, publish, or use Confidential Club Information for unauthorized recruiting, competition, solicitation, harassment, surveillance, or commercial targeting.

While membership is active, a Member may not use Club Activities, chats, accounts, directories, branding, or resources to promote another group, business, paid service, or organization without prior written approval from the Club owner. Only the Club owner may grant this approval; approval or permission from Club staff, volunteers, hosts, contractors, or any other representative is not sufficient. For one year after membership ends, a former Member may not conduct targeted recruiting based on Club relationships or information. The prohibition on using or disclosing copied or retained Confidential Club Information continues indefinitely while the information remains nonpublic.

This section does not prevent ordinary friendships, incidental social contact, participation in another lawful organization, public advertising not directed through Club information, lawful reporting to authorities, cooperation with legal process, or discussion of one's own experience without disclosing protected information or violating another person's privacy.

Any violation, including an accidental first-time disclosure, may result in immediate suspension or termination, removal from Club systems, available legal remedies, and a permanent ban from future membership, Guest attendance, Activities, and online communities. The Club may evaluate whether a promptly reported security incident constitutes a violation. One written appeal is allowed under the two-person leadership review procedure in Section 23; the written decision is final.

55. Incident Reporting and Attendance Accountability

An injury, property damage, missing person, fire, equipment problem, or other serious Activity incident must be reported to the Club as soon as safely possible, preferably within 24 hours. Emergency help comes first. Members must preserve reasonably available information and cooperate with incident and insurance documentation without delaying care.

56. Dispute Notice Arbitration and Class Action Waiver

IMPORTANT: EXCEPT FOR THE EXCLUSIONS AND OPT-OUT RIGHT BELOW, THE MEMBER AND THE CLUB AGREE TO RESOLVE COVERED DISPUTES THROUGH INDIVIDUAL BINDING ARBITRATION INSTEAD OF A COURT OR JURY. EACH PARTY WAIVES THE RIGHT TO A JURY TRIAL AND THE RIGHT TO PARTICIPATE IN A CLASS, COLLECTIVE, CONSOLIDATED, OR REPRESENTATIVE ACTION OR ARBITRATION.

Notice and informal resolution. Before starting arbitration or a permitted court action, the claimant must send written notice to the other party describing the claim, the supporting facts, and the requested relief. Notice to the Club must be sent to admin@thesocialexperimentclub.com. The parties will allow thirty days for good-faith informal resolution. This requirement does not prevent a party from seeking emergency relief, using small-claims court, preserving a filing deadline, or exercising a right that cannot lawfully be limited. An applicable limitations period will be tolled during the thirty-day informal-resolution period to the extent permitted by law.

Agreement to arbitrate. Subject to the exclusions below, the Member and the Club mutually agree that any dispute, claim, or controversy arising out of or relating to this Agreement, an application, screening, membership, charges, renewal, cancellation, an Activity, Club communications, discipline, termination, or the relationship between the parties will be resolved by final and binding individual arbitration. This includes contract, tort, statutory, consumer-protection, and equitable claims based on events occurring on or after the Member first accepts a version of this Agreement containing this Section. This arbitration agreement may also be enforced by the Club's owners, managers, employees, agents, contractors, and affiliates when a claim against them arises from their work for or relationship with the Club. The Federal Arbitration Act governs the interpretation and enforcement of this Section.

Excluded matters. Either party may bring an eligible individual claim in small-claims court. Either party may ask a court for temporary or emergency injunctive relief necessary to prevent immediate harm or preserve the status quo while arbitration is pending, without waiving arbitration of the underlying dispute. Nothing in this Section prevents a person from reporting to, filing a charge or complaint with, or cooperating with a government agency. This Section does not require arbitration of a dispute that applicable law makes nonarbitrable, including a qualifying sexual-assault or sexual-harassment dispute when the claimant elects not to arbitrate as permitted by federal law.

Arbitration procedure. The arbitration will be administered by the American Arbitration Association under its Consumer Arbitration Rules and Mediation Procedures in effect when the claim is filed, as modified by this Section. If the AAA is unavailable or declines to administer the matter, the parties will attempt to select another neutral administrator, and a court may appoint an arbitrator as permitted by law. The arbitration may occur by documents, telephone, or video when allowed by the applicable rules. Any required in-person hearing will occur in the county of the Member's primary residence unless the parties agree otherwise or the arbitrator selects another reasonably convenient location. The arbitrator may award any individual remedy that would be available in court and will issue a reasoned written decision. A court with jurisdiction may enter judgment on the award. A court, rather than the arbitrator, will decide a dispute concerning the formation, existence, or enforceability of this arbitration agreement or the class-action waiver.

Fees and costs. The Member will not be required to pay more in arbitration filing fees than the amount the Member would pay to file an equivalent action in court. The Club will pay the remaining AAA administrative fees and arbitrator compensation required by the Consumer Arbitration Rules, subject to any lawful reallocation for a claim or conduct found to be frivolous, improper, or brought in bad faith. Each party will pay its own attorneys' fees and expenses unless a statute, the applicable rules, this Agreement, or the arbitrator's award lawfully provides otherwise.

CLASS-ACTION WAIVER. COVERED CLAIMS MUST BE BROUGHT ONLY IN A PARTY'S INDIVIDUAL CAPACITY. NEITHER PARTY MAY BRING OR PARTICIPATE IN A CLASS, COLLECTIVE, CONSOLIDATED,

COORDINATED, OR REPRESENTATIVE ACTION OR ARBITRATION, AND AN ARBITRATOR MAY NOT COMBINE CLAIMS OR AWARD RELIEF FOR ANYONE OTHER THAN THE INDIVIDUAL PARTIES. THE PARTIES DO NOT CONSENT TO CLASS ARBITRATION. THIS WAIVER DOES NOT APPLY TO A RIGHT OR REMEDY THAT CANNOT LAWFULLY BE WAIVED. If a court finally determines that this waiver is unenforceable for a particular claim or requested remedy, that claim or remedy will proceed in court, not in class arbitration, after completion of arbitration of any severable arbitrable matters.

Thirty-day opt-out right. A Member may opt out of this entire arbitration and class-action-waiver Section by emailing admin@thesocialexperimentclub.com within thirty days after first accepting a version of this Agreement containing this Section. The notice must include the Member's legal name, the email address or account identifier associated with the membership, and an unambiguous statement that the Member opts out of Section 56. Timely opt-out will not affect membership eligibility or access. If the Member timely opts out, disputes remain subject to Sections 39 and 56's notice and informal-resolution requirements, but not its arbitration requirement or class-action waiver.

Severability and survival. Except for the specific treatment of an unenforceable class-action waiver stated above, an unenforceable portion of this Section will be limited or severed to the minimum extent necessary and the remainder will continue in effect. This Section survives cancellation or termination of membership.

57. Member Acknowledgments

By signing or electronically accepting, the Member confirms that the Member:

- Is at least 21 years old and has provided accurate information.
- Understands that payment occurs before approval and does not guarantee membership.
- Understands the separate screening fee and the stated nonrefund rules.
- Authorizes recurring charges for the selected plan until cancellation or termination.
- Understands cancellation procedures and end-of-paid-period access.
- Consents to required Ankored screening and monthly monitoring.
- Agrees to the conduct, guest, safety, event-risk, release, indemnification, defense, hold-harmless, and media provisions.
- Understands that qualifying complaints do not expire and that three qualifying complaints may result, at Club staff discretion, in either a written warning or a ban.
- Understands that Club participation does not guarantee personal safety.
- Understands that continuing membership may require accepting revised documents.
- Understands and accepts the confidentiality, restricted-use, and recruiting provisions.
- Understands that Club Materials are protected by copyright and accepts the ownership and permitted-use terms in Section 1A.
- Understands and accepts the merchandise terms in Section 53A.
- Understands and accepts the arbitration, jury-trial waiver, class-action waiver, small-claims exception, and thirty-day opt-out terms in Section 56.
- Has had an opportunity to review this Agreement before acceptance.

Required Acceptance Record

- ☐ I accept the Membership Agreement and Community Standards.
- ☐ I authorize the recurring membership charge for the plan and frequency shown at checkout.
- ☐ I acknowledge that membership payment occurs before approval and is nonrefundable if I am not approved, except as required by law.
- ☐ I acknowledge that the separate Ankored screening fee is nonrefundable once screening is submitted.
- ☐ I consent to the background-screening and monthly-monitoring process through the required Ankored and Club authorization.
- ☐ I accept the assumption-of-risk, release, indemnification, defense, and hold-harmless provisions.
- ☐ I consent to the required promotional photo, video, audio, likeness, and statement use described in Section 31.
- ☐ I accept the confidentiality, restricted-use, and recruiting obligations described in Section 54.
- ☐ I agree to the individual arbitration, jury-trial waiver, and class-action waiver in Section 56 and acknowledge the thirty-day opt-out right.
- ☐ I understand that continued membership may require signing or electronically accepting a future revised agreement.
